Qiutong Wang

866 Yuhangtang Road, Zhejiang University, Hangzhou 310058, China
wang.qt@zju.edu.cn | qtwang-math.github.io

EDUCATION

Ph.D. in Mathematics, Zhejiang University *Expected 2028*
Advisor: Prof. Binyong Sun

B.Sc. in Mathematics, East China Normal University *2022*

ACADEMIC VISITS

Visiting Assistant in Research, Yale University *September 2026 – August 2027*
Department of Mathematics
Host: Prof. Ivan Losev

RESEARCH INTERESTS

Algebraic aspects of the representation theory of real reductive groups and the geometry of nilpotent orbits.

PUBLICATIONS

1. Wang, Q. Counting irreducible representations of general linear groups and unitary groups. *Representation Theory* **30,** 277–310 (2026).

TEACHING EXPERIENCE

Teaching Assistant, Zhejiang University

- **MATH3203M: Lie Groups and Lie Algebras** *Spring, Summer 2023*
- **MATH2282M: Abstract Algebra (Continued)** *Fall, Winter 2023–2024*

TALKS

Oct 9, 2026 **A geometric introduction to the real local Langlands correspondence**
(expository talk)
Graduate Student Seminar, Yale University

Aug 11, 2025 **Counting irreducible representations of general linear groups and unitary groups**
Workshop on Relative Langlands Program, Tianyuan Mathematics Research Center, Kunming, China

LANGUAGES

Chinese (Native), English (Fluent)
